- Collecting, analysing and reporting on survey results
- Derive forecasts and recommendations based on the market research
- Drafting of reports and papers
- Supporting smartEn team with market intelligence to develop positions
- Interaction with the smartEn membership and its working groups

### **Desired skills and experience:**

- A university degree (Master's or equivalent) in European studies, law, energy economics, engineering, or similar
- At least one year of relevant professional experience in research activities
- A good understanding of the energy sector, electricity markets and the role of active consumers in Europe is indispensable
- Excellent organisational and time-management skills, with the ability to prioritise time-sensitive assignments and effectively prioritise workload
- Analytical, curious, pragmatic, and flexible attitude
- Proactive approach to research and networking
- Proven track-record in writing of reports and publications
- Fluency in written and spoken English are indispensable, other European languages are an asset
- European citizenship/EU working permit is necessary

### **What we offer:**

- A meaningful job in a dynamic and innovative organisation
- A motivated and cooperative team, interaction with an engaged membership
- Room for creativity and initiative
- A full-time contract with possibility of growth
